

Hager communication icons

V1 of January 2026

If you have any further queries, don't hesitate to ask the brand experience communications team in Group Communications department at: brand@hagergroup.com

Frequently asked questions

Which icons files are available ?

Each icon, so icon number (e.g. 001 Lighting) refers to a EPS for professional graphic designers and an EMF for your PPT presentations, both reachable in the «Comm Icons Sets» ZIPs.

Which colours are available ?

Hager icon sets are available in monochrom Hager blue colour for direct download. To use them in other colours or on non-white backgrounds, please refer to the options outlined in the Graphic Designer Survival Guide and adjust them manually as needed.

How to read the naming ?

Under each icon number, the first line set in **bold** refers to the main generic meaning. Following line(s), set in regular, refer(s) to complementary meanings.
